
Assembly Instructions for *In the Breeze* Spinner Tops

1. Cut the zip tie to release the spinner top.
2. Insert the fiberglass rod through the sewn pockets and into the coupler. Note the coupler will go inside the applique graphic.
3. The 1" round plastic disk supports the body on the rod.
4. Put the spinner top on the top portion of the fiberglass rod and secure the spinner top with the soft plastic end cap.
5. Put the bottom fiberglass rod into the ground stake. Be sure to choose a place that has plenty of unobstructed spinning clearance.
